Home Inspections for Central Florida
20861 SW 81st Loop
Dunnellon, FL 34431

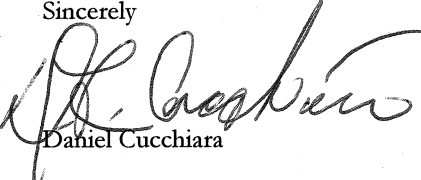

Dear Ron:

LeAnn and I want to thank you for the great job you did regarding the semi-monthly inspections of our new house being built in Davenport, Florida. With us being so far away in New Jersey, we felt it was imperative that we had some knowledgeable eyes on the ground at the building site to ensure things were being done as designed and with the quality of workmanship required for such a project. Due to your site inspections and the photos you took, we were able to find and resolve a number of problems that might have gone unnoticed or found too late to rectify in a cost effective manner.

Now as we move closer to taking ownership of our new home, we can see that the decision to have an independent, on-site professional make periodic inspections during the construction of the house was key to the success of the build as well as providing a great deal of peace of mind for us while we were located so many miles away. In the end, there is no doubt that the service you provided is well worth the cost.

Again, thank you for the great job you did and we wish you the best of success in the months and years ahead as you provide this great service to other home owners.

Sincerely

Daniel Cucchiara
